## Summits on the Air – ARM for Romania (YO)

### 1. Change Control

Date	Version	Details
10-Mar-2010	1.0	First formal issue of this document
31-Aug-2013	2.0	<p>Coordinates updated for YO/EC-001, -013</p> <p>Names updated for YO/EC-014, -018, -020, -022, -029, -030, YO/MC-012, -021, -023, -029, -034, YO/WC-013, -018, -022 as well as several other summit names were corrected to proper diacritics.</p> <p>Heights adjusted for YO/EC-005, -007, -008, -012, -013, -014, -017, -018, -020, -021, -027, -029, -030, -037, YO/MC-002, -003, -004, -011, -012, -016, -017, -019, -023, -024, -025, -029, -031, -034, YO/WC-001, -002, -005, -006, -007, -010, -013, -018, -022, -027, -037</p> <p>YO/EC-003, -032, -033 and YO/EC-034 removed due to band change</p> <p>YO/EC-005, -009, -015, YO/MC-018, -022 and YO/WC-008 removed as higher summits were found along the same ridgeline</p> <p>YO/WC-003 and -004 were removed as they belong to MC region (they now become YO/MC-103 and -120)</p> <p>YO/WC-036 invalidated as SRTM tile-joining error</p> <p>Typo in YO/EC-016 longitude corrected</p> <p>Position of YO/MC-015 was updated based on GPS measurements and summit was also removed due to the same measurements</p> <p>New summits added YO/EC-038 to -453, YO/MC-039 to -197 and YO/WC-041 to -206</p> <p>New region created for Măcin Mountains group YO/MM consisting of 7 summits</p> <p>Made some grammar corrections and added several links to the body of the document</p> <p>YO2BP retired from management team, management of YO/WC region taken over by YO3HJV</p> <p>YO6PIB joined the management team taking over the management of YO/EC and YO/MC regions</p>
28-Feb-2014	2.1	<p>YO/WC-094 was replaced by YO/WC-207, due to a typo in altitude causing the summit to have incorrect points associated</p> <p>YO/EC-026 was removed, it was misinterpreted as summit due to edge effects in SRTM database</p> <p>Positions of YO/EC-011, -123, -145, -312, -386, -426, -428 and YO/WC-024 were updated based on GPS measurements</p> <p>New summits added YO/EC-454 to -521, YO/MC-200 to -216, YO/WC-208 to -219</p>
30-Nov-2015	2.2	<p>Positions of YO/EC-012, -020, 037, -049, -057, -071, -090, -093, -129, -135, -150, -169, -175, -184, -188, -208, -229, -231, -233, -245, -248, -257, -263, -267, -281, -300, -308, -315, -325, -328, -334, -373, -374, -381, -413, -432, -458, -497, -519, YO/MC-001, -002, -006, -007, -014, -027, -031, -041, -042, -045, -050, -052, -053, -080, -113, -119, -131, -196,</p>

## Summits on the Air – ARM for Romania (YO)

	<p>YO/WC-025, -031, -127, -192, -207 were updated based on GPS measurements and better mapping info</p> <p>Positions of all YO/MM summits were updated to new mapping info</p> <p>Altitudes of YO/EC-037, -068, -080, -104, -112, -125, -130, -132, -153, -161, -169, -170, -172, -185, -186, -191, -192, -233, -234, -258, -267, -271, -272, -281, -284, -288, -301, -320, -325, -327, -347, -351, -361, -365, -370, -373, -375, -376, -380, -384, -392, -397, -406, -418, -421, -425, -461, -466, -480, -497, YO/MC-021, -045, -095, -127, -131, -167, -188, -192, -203, -204, YO/WC-009, -020, -025, -044, -049, -068, -089, -093, -107, -127, -130, -131, -136, -144, -152, -164, -171, -173, -179, -185, -186, -197, -203 were adjusted to better mapping info</p> <p>Names for YO/EC-036, -037, 068, -080, -090, -099, -110, -119, -130, -178, -185, -191, -200, -205, -223, -233, -234, -244, -248, -267, -272, -274, -325, -330, -340, -351, -361, -365, -373, -375, -376, -387, -397, -417, -418, -421, -424, -425, -448, -460, -463, -466, -467, -477, -480, -497, -503, -095, -127, -131, -144, -203, -204, YO/WC-049, -093, -112, -173, -186 were changed</p> <p>Summits YO/EC-339, -430, -453, -454, -486, YO/MC-008, -049, -074, -172, -212, YO/WC-012, -038, -039, -040 and -200 were removed due to insufficient prominence</p> <p>Summits YO/EC-354, -449 and YO/MC-069 were replaced by nearby higher summits</p> <p>Summit YO/MC-152 with incorrectly identified point band was replaced by new summit with correct banding</p> <p>New summits added YO/EC-522 through -632, YO/MC-217 through -264, YO/WC-220 through -262, YO/MM-008 and YO/MM-009</p>

## Summits on the Air – ARM for Romania (YO)

### 2. Association Reference Data

Association	Romania (YO)	
Commencement date	01-Apr-2010	Callsign
Regions	Eastern Carpathians	EC-xxx
	Middle Carpathians	MC-xxx
	Western Carpathians	WC-xxx
	Măcin Mountains	MM-xxx
Association parameters	See « General rules » for parameter definitions	
Summit operation criteria	Operation must be within 25m vertically of the summit <sup>1</sup>	
Band 1, score 1 point	< 500 m a.s.l.	
Band 2, score 2 points	>=500 m a.s.l. <700 m. a.s.l.	
Band 3, score 4 points	>=700 m a.s.l. <900 m. a.s.l.	
Band 4, score 6 points	>=900 m a.s.l. <1300 m. a.s.l.	
Band 5, score 8 points	>=1300 m a.s.l. <2000 m. a.s.l.	
Band 6, score 10 points	>=2000 m. a.s.l.	
Seasonal bonus	Yes	
Bonus rationale	Winter period with highest probability of sub-zero temperatures, deep snow	
Min. height for bonus	>=500 m	
Bonus period dates	1 December to 31 March inclusive	
Association sponsored awards	None	
Association Manager	Adrian Florescu, yo3hvj@gmail.com ( <i>please include « SOTA » in the Subject line</i> )	

#### 2.1. Programme derivation

Romanian SOTA is an extension of similar programs already active in other countries. Initial list of summits was based on data found in:

-GOOGLE MAPS;

-Hiking Maps from various print sources;

-WEB Sources: [http://alpinet.org/bin/index\\_en.html](http://alpinet.org/bin/index_en.html),  
[http://www.tourismguide.ro/x/munti\\_romania/](http://www.tourismguide.ro/x/munti_romania/)  
<http://www.geocities.com/dmarioara/InstrG.htm>

If the same Summit has reference numbers for SOTA also in other Associations, as stated in General Rules, you **must** choose SOTA Association and use proper reference number **before** activation and you cannot change it during your activation.

The summit database is unlikely to be complete. If you find a summit which you'd like to add to SOTA-YO, or you find a mistake in this ARM please contact the Association Manager. Activators are asked to submit details of proposed additional summits to the Association Manager.

<sup>1</sup> If the vertical separation between the lowest and the highest point on the effectively covered track from a nominated Summit to the next is 100 m or more, then in terms of the Programme the undertaking counts for two expeditions to discrete Summits. If not, only one Summit counts for this undertaking.

## Summits on the Air – ARM for Romania (YO)

---

Summits cannot be counted for points until a reference number has been allocated by the Association Manager.

Bonus points are available between 1<sup>st</sup> of December to 31<sup>st</sup> of March **and only for activators**.

It is also possible, that you will find mistakes in database. During our work we have discovered some different data (height, name or coordinates) for the same summit. If the mistake was not obvious (like typing errors such as 455 instead of 545), we have decided to record average values. We believe that summit locations should be within 150 m ranges from exact location (about 5 arc seconds).

Activators with good GPS devices are encouraged to determinate the precise location of the summit on their expedition and to share this information with Region Manager. In that way more accurate data could be included in next version of ARM.

### **2.2. General information**

There are 41 counties (judete) plus Bucharest (Capital city of Romania). Maps and info's about administrative units here: [http://en.wikipedia.org/wiki/Counties\\_of\\_Romania](http://en.wikipedia.org/wiki/Counties_of_Romania)

All regions do have the same points rationing scheme.

To qualify for SOTA-YO, a summit it has to meet the following requirements:

- The summit must be listed in a Hiking Map with a corresponding Name;
- The summit must be elevated at least 150 m from it's surroundings;
- In the case of doubt the Management Team will decide whether the Summit will be added to the list.

The summit database does not claim to be complete and can only be changed by the acceptance of the management team. Summits cannot be counted for points until a reference number has been allocated by the association manager.

There is an unwritten rule which that you should say "Hello", "Good Morning/Good Evening", etc. (in romanian "Salut", "Buna dimineata/Buna seara") to other people you meet on footpaths.

### **2.3. Rights of way and access issues**

Most of the footpaths in Romanian mountains are well marked. Never hike without a good map of the region where you want to hike plus a GPS and a compass. Also it is highly recommended to have special equipment and food/water supply on winter hiking.

Large areas around the peaks are Natural Reservations so special permits may be needed before hiking. Please check with the national YOFF programme manager, YO3JW: [fenyo3jw@gmail.com](mailto:fenyo3jw@gmail.com) - <http://wff-yo.blogspot.ro/>

We (the Association team) don't know anything about summits which are private property. If you find one, you'll need owner's permission before attempting activation.

### **2.4. Maps and navigation**

The easiest way to obtain a map is to buy one in the city or village which is closest to the summit. We are sure, that you will be able to obtain one mainly in bookstores ("Librarie" in Romanian), on Gas Stations or in train stations.

## Summits on the Air – ARM for Romania (YO)

---

You can also use webmap by SoftAgency: <http://www.hartionline.ro/ro/harta/0.html>  
Large areas of Romania are covered by APRS and UHF repeaters.

### 2.5. Safety considerations

Before hiking always ask for weather forecast or check it i.e. on <http://www.meteoromania.ro/index.php?id=0&lang=en>.

Please remember, that weather in the mountains can change rapidly and you should be always prepared both for snow, rain, strong wind or intensive sun, especially over 1500 meters a.s.l.

In case of emergency you should call SALVAMONT (mountain rescue group) using mobile phone number **0-SALVAMONT** (+40-725-826 668) or **112**.

We recommend to use **112** as it is European Emergency Number and the operators can handle calls in other languages than Romanian (more details here : [http://ec.europa.eu/information\\_society/activities/112/ms/ro/index\\_en.htm](http://ec.europa.eu/information_society/activities/112/ms/ro/index_en.htm)).

The number is accessible from any phone, free of charge.

On a **112** call, be prepared to give at least the following informations :

- what is the emergency (general description or symptoms of ill);
- where are you or where it is the emergency situation (on map or by GPS coordinates) ;
- your name ;
- your phone number.

Be aware that the **112** is network-coverage dependent.

Also be aware that fake calls are prosecuted !

Prior to hiking, we recommend to contact the Region manager for proper directions, repeater list, call frequencies and hiking maps.

### 2.6. Foreign HAMS in Romania

The license is supposed to be held in **original not in copy!**

Holders of CEPT Licenses (CEPT T/R 61-01 or CEPT ECC 05(06) ) are authorised to transmit according to their licenses and IARU Region I Bandplan with no other formalities.

Holders of authorisations from countries that signed convention with Romanian administration can operate in YO with their licenses under a preliminary notification of ANRCTI (please contact the Association manager for more information).

Hams from other countries have to obtain a Romanian license in order to operate in YO.

You should prefix your callsign with "YO/" (YO is the main prefix in Romania). Then you have to add "/P(ortable)", "/M(obile)", "MM" -(Maritime Mobile), "AM" -(aeronautical Mobile).

On any call, you have to:

- Mention your callsign.
- Mention your QTH or the nearest city when on mobile.
- Your callsign must be announced at least at every 10 min. of the QSO.
- You are not allowed to make QSO with unidentified stations.

Ham activity is regulated by **ANCOM (Agentia Nationala pentru Administrare si Reglementare in Comunicatii )** website: [http://www.ancom.org.ro/radioamatori\\_2899](http://www.ancom.org.ro/radioamatori_2899) (in Romanian - use online translation tools).

Callsigns in YO are in the following format: **YO#SUFFIX**, where # is between 2 and 9 and SUFFIX is 1, 2 or 3 letters. Special callsign are issued by ANRCTI for special event stations for 1+1 year (1 year regular and can be prolonged for another 1 year). Club stations suffix start with "K".

## Summits on the Air – ARM for Romania (YO)

### YO DISTRICT MAP

### 2.7. Awards

The Romanian Society of Radioamateurs has a SOTA-YO Program Awards. For details check [www.asrr.org](http://www.asrr.org).

### 2.8. Romanian SOTA Web Site

SOTA YO web site can be found at: <http://sota-romania.blogspot.com>. For now, it will be mostly used to promote SOTA in Romania. In the future, further development is expected. To announce expeditions worldwide use official SOTA Yahoo Group at [groups.yahoo.com/groups/summits](http://groups.yahoo.com/groups/summits) and original SOTA web site at [www.sota.org.uk](http://www.sota.org.uk). Participants are encouraged to claim their points at this site.

### 2.9. Disclaimer

Hiking, hill-walking and rock-climbing are potentially dangerous activities. The SOTA Management Team and their associates assume no responsibility for accidents. Each participant does so at his or her own risk, and must decide, on the basis of their own ability, whether an objective is achievable. The listing of a summit in the reference does not mean that it is easy to reach, and it is always worth seeking local advice for all but the simplest of expeditions.

### 3. Summit Reference Data

**Map Legend :**

- « Carpatii Orientali » - Eastern Carpathians - **Region « YO/EC »** ;
- « Carpatii Meridionali » - Middle Carpathians - **Region « YO/MC »** ;
- « Carpatii Occidentali » - Western Carpathians - **Region « YO/WC »** ;
- « Podisul Dobrogei » - Dobrogea Tableland (Macin) - **Region « YO/MM »** ;

## Summits on the Air – ARM for Romania (YO)

### 3.1. Region Reference – Eastern Carpathians

<b>Association</b>	<b>Romania (YO)</b>
Region	Carpații Orientali (Eastern Carpathians) (YO/EC)
Region manager	Kertész Csaba-Zoltán, YO6PIB, yo6pib@yahoo.com

#### 3.1.1. Regional notes

Eastern Carpathians is the longest mountain chain in Romania. They lie between Ukraine border (North), Transilvanian Basin (Depresiunea Transilvaniei), West Plain (Campia de Vest). In the South, they are delimited by Prahova River (Raul Prahova).

Main characteristics are:

- Middle and higher Band (avg. height is 1200 m a.s.l., peaks over 2000 m);
- The cols are NV-SE orientated;
- In the west part there is a volcanic collar (some of them are still active!);
- They have large valleys and passes.

Notable cities around are: Sighetul Marmăției, Suceava, Piatra Neamț, Bacău, Gheorgheni, Vatra Dornei, Buzău, Brașov

## Summits on the Air – ARM for Romania (YO)

### 3.2. Region reference – Middle Carpathians

<b>Association</b>	<b>Romania (YO)</b>
Region	Carpații Meridionali (Middle Carpathians) (YO/MC)
Region manager	Kertész Csaba-Zoltán, YO6PIB, yo6pib@yahoo.com

#### 3.2.1. Regional notes

The Middle Carpathians are the most accesible mountain chain in Romania. The access to the inner plateaus is very easy by road, foot or cable transportation, even in winter conditions. However the peaks itself are very hard to access with steep and enduring ascent and are not recommended in winter conditions.

The Middle Carpathians are situated in the middle of the Romanian mountain chain, hence the name. They lie between Prahova Valley (at east), Transilvania Basin (North), Getic Tableland (south) and Cerna-Timiș-Orăștie Valley. They often are compared with the Alps because of their abrupt heights.

Main characteristics are:

- Middle and higher Band (avg. height is 1700 m a.s.l., peaks over 2300 m);
- The cols are W-E orientated;
- They have small valleys and passes.

Notable cities around are: Brașov, Făgăraș, Sibiu, Râmnicu Vâlcea, Sinaia, Bușteni, Azuga, Predeal.

## Summits on the Air – ARM for Romania (YO)

### 3.3. Region Reference – Western Carpathians

Association	Romania (YO)
Region	Carpații Occidentali (Western Carpathians) (YO/WC)
Region manager	Adrian Florescu, YO3HJV, yo3hjb@gmail.com

#### 3.3.1. Regional notes

They represent the western part of Romanian Carpathians and lie between Danube River (South), Transilvanian Basin and Cerna-Timiș Valley (East), Barcău River and Someș River (West).

Main characteristics are :

- Lower and Middle Band (avg. height is 1000 m a.s.l., peaks over 1500 m);
- The cols are NW-SE orientated;
- They have large valleys and passes.
- They are very populated.

Notable cities around are: Arad, Timișoara, Deva, Hunedoara, Tg. Jiu, Reșița, Lugoj,

## Summits on the Air – ARM for Romania (YO)

---

### 3.4. Region Reference – Măcin Mountains

Association	Romania (YO)
Region	Munții Măcin (Măcin Mountains) (YO/MM)
Region manager	Adrian Florescu, YO3HJV, yo3hvj@gmail.com

#### 3.4.1. Regional notes

The Măcin Mountains is a mountain range in Tulcea County, Dobrogea, Romania. Part of the Northern Dobrogea Massif, they are located between Danube River to the north and west, Taița River and Culmea Niculițelului to the east and Casimcea Plateau to the south. Seen from the Danube, they seem only low hills, however they are mountainous region.

The Macin Mountains are one of the oldest in Romania, being formed in the second part of the Paleozoic, in the Carboniferous and Permian, during the Hercynian orogeny. The predominant rock is granite. Erosion (caused by the difference of temperature) has created steep slopes, with the aspect of ruins.

They are divided in Culmea Măcinului (the southern part) and Culmea Pricopanului (the northern part). The highest peak is Țuțuiatu (also called Greci) which has a height of 467 meters.

Main characteristics are :

- Lowest band only (avg. height is 300 m a.s.l., peaks over 400 m);
- The cols are NW-SE orientated;
- They do not have water sources;
- They are well populated.

Notable cities around are: Tulcea, Babadag, Macin

#### 3.4.2. Table of summits

Ref.no.	Peak	Height		Lat.	Long.	Available		Pts.
		m	ft.			From	To	
YO/MM-001	Țuțuiatul / Greci	467	1532	28.2642	45.2050	01-Oct-13		1

YO/MM-007	Deniz-Tepé	270	886	28.6900	44.9992	01-Oct-13		1
YO/MM-008	Sulucu Mare	370	1214	28.2040	45.2426	01-Dec-15		1
YO/MM-009	Beș-Tepé	243	797	29.0380	45.0901	01-Dec-15		1

### 3.5. Border summits

#### 3.5.1. Notes

A couple of summits are on the national frontiers common with Ukraine and Serbia. According to the General Rules, these summits can have only one reference number and the ones listed in this section are listed in the corresponding Ukrainian and Serbian ARM. Because the Activation zone extends into Romania as well, activating these summits from Romanian is possible as well. While activating from Romanian side the Romanian Amateur Radio regulations must be observed using Romanian callsigns and the other country's reference number. Chasers should be aware of this as well.

**Important:** Activating summits on the borders is bound to border approaching and border crossing regulations. Special permit to hike near the borders must be obtained prior from the Border Police (*Politia de frontiera* - <http://www.politiadefrontiera.ro>) and the actual borderline cannot be crossed anywhere during the hike or while activating. It is not legally possible to activate a summit with UT reference number with UT callsign if climbing up from Romanian side.

#### 3.2.3. Summits with reference numbers in other association

Please consult the corresponding ARM for up to date information
